SKILLS

- Frontend:** React.js, Next.js, HTML5, CSS3, Bootstrap, JavaScript (ES6+), TypeScript
- Backend:** Node.js, Express.js, Nest.js, REST API development, JWT Authentication
- Databases:** MongoDB, PostgreSQL
- Tools:** GitHub, Git, Postman, VS Code

LANGUAGES

- Hindi
- English

PROFILE

Results-driven Full Stack Developer with 1+ year of professional experience building scalable web applications using the MERN stack. Proficient in React.js, Next.js, Node.js, Nest.js, and REST API integration with MongoDB and PostgreSQL databases. Experienced in implementing authentication systems, optimizing performance, and delivering clean, maintainable code in production environments.

WORK EXPERIENCE

Analytic IT Services

2026 - (1 YEAR 2 MONTHS)

Full Stack Developer

- Developed full stack responsive web applications using HTML, CSS, Bootstrap, and JavaScript, reducing UI bugs by 40%
- Built dynamic frontends using React.js and Next.js, improving page load time by 35% through code splitting and lazy loading
- Designed and developed REST API backend using Node.js and Nest.js, supporting 5+ modules across the application
- Managed MongoDB and PostgreSQL databases, optimizing queries to reduce response time by 25%
- Implemented secure authentication systems using JWT and session management for 3+ projects
- Achieved 30% improvement in application loading speed through performance optimization and caching strategies

Speed techno training institute

2025

- Completed intensive 8-month MERN stack training program with hands-on project development
- Built 3+ full stack projects integrating React.js, Node.js, MongoDB, and REST APIs
- Gained practical experience in full stack development, API integration, and frontend-backend architecture
